

Dear Friend,

On \_\_\_\_\_ I will join youth around the world in a fight against leprosy, a disease that still affects thousands of people in developing countries every day. Men and women with leprosy not only face many debilitating physical challenges, but also the terrible stigma and rejection from their family and community.

The Leprosy Mission Canada's Cured not Cursed event will raise support and awareness for those with leprosy. Along with those in my youth group, I will be wearing a mitt on my dominant hand for 12 hours to experience a glimpse of the limitations and stigma faced by those with leprosy.

In the coming days, I will be collecting donations. My group's goal is raise enough money to cure and care for \_\_\_\_\_ people living with leprosy! It costs just \$350 for all the medical, emotional and rehabilitative care to completely heal someone of leprosy. I will be contacting you in the next few days to ask for your support.

Together, we can make leprosy history!

I look forward to talking with you in the next few days.

Sincerely,
